Seen & Heard Around MURRAY

Went out to feed Sport last night and he almost knocked us down coming around the corner of the house. We wondered what all the commotion was about when we spotted the big Rabbit about ten feet in front of Sport.

That Rabbit was picking them up and laying them down in no uncertain terms. Sport was right behind him. His ears were flapping and his abbreviated tail was waving and he was moving.

There they went, thataway, right through the woods, just a hollering and dodging trees right and left.

Of course you know the ending of this story. The Rabbit just plain eluded Sport as usual, but you would never know it from the look of triumph on old Sport's face.

He came up hawking (we couldn't find it in the dictionary, but we know it's a word because we have heard it all our life), and blowing and what not, all out of breath.

We saw the first fly of the summer this morning. Little rascal.

The U. S. S. Pueblo and 83 American were seized by the North Koreans on the high seas 36 days ago.

"I place economy among the first and most important virtues, and public debt as the greatest of dangers to be feared. To preserve our independence, we must not let our rulers load us with perpetual debt. If we run into such debts, we must be taxed in our meat and drink, in our necessities, and in our amusements. If we can prevent the government from wasting the labors of the people, under the pretense of caring for them, they will be happy."

Ever wonder what it costs for the government to make coins. Here is the Budget Bureau estimates on a per 1,000 coin basis: Pennies — \$1.22; nickels — \$1.21; dimes — \$1.11; quarters — \$1.80; and half-dollars — \$5.75.

Tate said he fired his .38 caliber pistol and the bullet struck Davis in the head. He was dead when police arrived at the scene. Several items from the shop, including \$300 in cash, were found on Davis' body and in his parked car nearby.

Damage to the Mahan truck was on the right front fender and to the Outland car on the left side.

Yesterday afternoon at 2:25 p.m. James H. Cassidy, Route One, Alto, driving a 1967 Buick four door hardtop, was going north on 12th Street when he became ill and collided with the 1967 Cougar two door hardtop parked on the service station front, according to Patrolman Dale Spann.

Exhibition Team Wins Second Place In Annual Drill Meet

The Pershing Rifles' Exhibition Team, Company G-3, Murray State University, placed 2nd in Class "A" competition at the 20th annual Illinois Invitational Drill Meet. The team, commanded by PR Warrant Officer Michael E. Hamilton, tied for third place in the point standings before advancing to the final drill competition Saturday night, 16 March. Defeating the Capitol Guards, champions for the past three years, and Gannon Military Academy, the team finished 2nd only to the University of Wisconsin (Milwaukee) "Black Jacks," PR Company D-2.

The team members are as follows: William D. Bartee, James M. Bockelman, Alan R. Chandler, Eddie E. Chevalier, David R. Feliciano, Rodney W. George, James T. Goode, Lloyd M. Hunter, Michael B. Jeffers, James H. Jimerson, James D. McAlone, Donald G. McConaughay, James E. Sutor, Charles A. Tucker, Stephen M. Turchin, and Lottie Williams.

The rating of exhibition teams depends on how the team commander reports in; the originality, difficulty and variety of movements, and the appearance and bearing of the team and its commander. The team is required to complete their sequence in 8 to 10 minutes.

The PR Infantry Drill Team, commanded by Charles D. Stanfield, placed 7th in Class "A" competition. The Coed Drill Team, commanded by Stephen M. Turchin, placed 6th in their competition. As the number and variety of teams have grown since 1948, it became necessary to take their backgrounds into account in signing them to compete against other teams of comparable ability. A class ranking system was developed to assure this. Competition in regulation and exhibition drill was divided into Classes "A" and "B".

The teams making the ten highest scores in each type of competition are required to compete in Class "A" the following year. Others may compete in Class "B" for high honors, or with other teams of comparable experience in Class "B". The PR Infantry Drill Team elected to compete in Class "A" although eligible to compete in Class "B". Had they competed in Class "B", their final score would have also placed them 2nd in the nation.

Old Story Is Repeated This Spring

By FRED DOWN
UPI Sports Writer

The oldest story in spring training—the one about the rookie and the veteran—is giving Manager Eddie Stanky and the Chicago White Sox new confidence this spring.

The veteran is 33-year-old shortstop Luis Aparicio and the rookie is 27-year-old pitcher Cisco Carlos.

Aparicio had a poor 1967 season with the Baltimore Orioles but is the key man of the White Sox' 1968 infield. Tim Lincecum, his double play partner, will be playing his first season with a pen-

nant contender and Stanky apparently plans to alternate his first and third basemen.

Carlos is a 6-foot, 3-inch, 205-pound right-hander who had an 11-8 record and 2.63 earned run average for Indianapolis in the Pacific Coast League and a 2.0 mark and 0.86 ERA in eight games with the White Sox last season.

The odds are against him seven making the strong White Sox' pitching staff but he is bidding for the No. 4 starting assignment behind Joel Horlen, Gary Peters and Tommy John.

White Sox' Win Both started along with Pete Ward Monday when the White Sox defeated the Orioles 5-1 for their sixth victory in 11 games.

Aparicio had a triple and a single, raising his spring average to .429, and Carlos pitched five shutout innings in his first starting effort of the spring.

Ward's contribution was a three-run homer and Tommy Davis added two singles, raising his spring average to .417.

Gary Nolan, Jim Maloney and Mel Queen scattered 12 hits as the Cincinnati Reds ran their winning streak to seven games with a 5-2 triumph over the New York Mets. Tony Perez' double and

rookie Hal McRae's two-run homer were the big blows for the Reds, now 3-1 for the spring.

Reserve catcher John Edwards delivered two singles in a six-run ninth-inning rally that carried the St. Louis Cardinals past the Philadelphia Phillies 6-2. Pinch-hitter Floyd Wicker's two-run double and Bobby Tolan's two-run single were other big blows in the frame as the Cardinals overcame an early 7-0 deficit.

Bob Veale, Dock Ellis and Roger Brown combined in a four-hit performance in pitching the Pittsburgh Pirates to a 7-2 victory over the Detroit Tigers. Matty Alou drove in three runs with three singles for the Pirates, boosting his spring RBI total to 11 and his average over the 400-mark.

Five Far Ten Doug Rader's two-run 11th-inning double, his first hit of the spring, gave the Houston Astros a 6-4 decision over the Oakland Athletics despite Sal Bando's fifth homer of the spring. Rookie outfielder Ivan Murrell drove in two runs and went 5-for-5, including two doubles, for the Astros, who have won five of 10 exhibition games.

Don Drysdale said while the Los Angeles Dodgers enjoyed a day off that he never had seen so many good young players in a training camp and predicted that 20 victories for him this season "are not out of reach given the runs and the breaks."

There was a sad moment in the Chicago Cubs' camp when Dick Addatz, once the most feared reliever in the American League, was dropped and a hilarious moment in the Houston Astros' camp when general manager Spec Richardson was asked for the latest news on Bo Belinsky.

Belinsky left camp Sunday, presumably to continue his courtship with Jo Collins, the "Sun Goddess of Cocoa Beach" and a national magazine's "Playmate of the Year" in 1966.

"I don't plan to go looking for him," said Richardson, who obviously will not be asked to be best man at the wedding.

Player Representatives Meet On Bargaining For Gridders

CHICAGO (AP) — Player representatives of every National Football League team met with a committee of club owners Tuesday to open collective bargaining on various subjects sought by the athletes.

Though there was no indication exactly what proposals the players would make, it was known they would ask to establish minimum salaries and to define a procedure for handling of grievances.

Player representatives will be headed by President John Gory of the NFL Players Association and legal counsel Daniel Shulman.

Shulman said he expected the Tuesday session to last for only a few hours with no attempt to be made at actual negotiation.

"We then intend to set up additional meetings both in Chicago and New York until the negotiations are resolved," Shulman said.

He indicated the opening session would consist merely of presentation of the player demands, and that then the representatives of the owners probably would request time to study the demands and communicate with league officials.

The meeting will be held in the office of the Federal Mediation and Conciliation Department. It was scheduled a week ago after a survey by the American Arbitration Association verified that the players' Association was authorized by more than 600 players to conduct collective bargaining.

Florida's Gators are defending champions of the tournament, which will feature a heavy sprinkling of state and regional champs from around the nation. But Florida State, Northwestern, East Tennessee State and Georgia Tech are expected to provide stiff competition.

FSU's No. 1 man is Hubert Green, who 32 set a course record on the back nine her last year. He was the 1966 Southern Amateur champion and the 1967 Alabama state amateur titlist.

Also competing are Colgate, Georgia State, University of Illinois at Chicago, Otterbein, Taylor University, Alma College, South Florida, Kent State, Jacksonville, St. Leo's, Roanoke, Asheville-Biltmore, Miami, Rollins, and Stetson.

The Almanac by United Press International Today is Tuesday, March 19, the 79th day of 1968 with 287 to follow.

The moon is between its full phase and last quarter. The morning star is Venus. The evening stars are Mars and Jupiter.

On this day in history: In 1917, the Supreme Court ruled unconstitutional the Adamson Act, signed by President Wilson in 1916, providing for an eight-hour day on railroads.

In 1942, all men in the United States between the ages of 45 and 64 were ordered to register with the Selective Service for non-military duty.

In 1945, members of the Norwegian underground began operating against Nazi troops. They were so effective Berlin was forced to order 200,000 soldiers to Norway to stamp out the resistance movement.

A thought for the day: President Woodrow Wilson said: "Sometimes people call me an idealist. Well, that is the way I know I am an American. America is the only idealistic nation in the world."

Hubby 'Putting On the Dog'

By Abigail Van Buren

DEAR ABBY: We have an old maid neighbor who thinks she is smart. She named her cocker spaniel "Lester" knowing perfectly well that was my husband's name.

In the evening when she calls her dog, my husband goes to the window and barks just to confuse her.

There have been times when I have called my husband when he's down the road somewhere and that dog would come running.

Isn't there something we can do about this? There surely must be laws to protect respectable people against being humiliated publicly by people like her. I'd take her to court if I thought I could win.

DEAR ABBY: If you have a bone to pick with your neighbor over her dog, better do it out of court. A grown man who would "bark" to confuse a neighbor who's calling her dog is in no position to find fault with a practical joker.

DEAR ABBY: We are two young childless women married to brothers. Our problem is that our husbands only very casually mentioned to us that there was a third brother who has lived in an institution as long as they could remember. That is all they have ever told us about him. They have never visited him, and they never refer to him. It is as if he were dead. We aren't even sure if this brother is mentally ill, was brain-damaged—baby, retarded, or insane.

Once I asked my husband to tell me something about this brother he never saw, thinking it

could be a genetic defect and possibly hereditary, so perhaps we should consider adoption. He said he knew nothing more than he had told me, and he didn't want to ask his parents as it "upsets" them to discuss it.

Abby, should we inquire at the institution and ask them to keep our inquiries confidential. Or should we go directly to our in-laws and ask them? Or should we ignore the whole thing?

PUZZLED PAIR
DEAR PUZZLED: Ask your husbands. They should realize that your reasons for wanting to know all about this institutionalized brother are valid. And they should provide you with the answers. If they fail to satisfy you, get in touch with the institution.

DEAR ABBY: A little 10-year-old girl named "Brettschneider" wrote to tell you that even though she had a "funny" name that most people found hard to spell and pronounce, she was proud of it and she didn't feel it was a handicap. Good for her!

I also had a "funny" name, "Grzeskowiak." I married a girl who hated it so much she nagged me until I finally went to court and had it legally changed to something very short and ordinary.

Well, to make a long story short, after three years our marriage fell apart and we were divorced. I went to court again and got my old name back, and now I am married to a wonderful girl who could hardly wait to change her name from "Jones" to Grzeskowiak. Sincerely yours, G. G.

CONFIDENTIAL TO "HAD IT": If you continue to live with a man who lies, cheats, and has put you in the hospital twice in the last year, you are sicker than he is. Talk to your priest. He's heard everything. And see your doctor again. He's seen everything.

Everybody has a problem. What's yours? For a personal reply write to Abby, Box 69700, Los Angeles, Cal., 90069 and enclose a stamped, self-addressed envelope.

Kirksey Baseball Association Will Meet On Saturday

The Kirksey Baseball Association will hold its first planning meeting of the 1968 season on Saturday, March 23, at seven p.m. at the school.

Howard "Buster" McCallon, president of the association, urges all parents, both men and women, and any interested persons to attend the meeting.

This will be the fourth year for the baseball program at Kirksey. The Calloway County Board of Education granted the association permission to use the school grounds for the games held four nights per week.

During the first year lights were installed at the park, but no seating facilities were available. Bleachers were added the second year and last year a new fence and concession stand were built. The old concession stand was left at the Calloway County Fairgrounds for use during the annual fair.

The new concession stand was erected through funds derived from the sale of the concession at the ball games and at the fair. The work was donated by the parents of the baseball boys. The new stand will feature a storage room for the supplies.

The association sponsors three leagues, the Park league for seven and eight year olds, the Little league for nine, ten, eleven, and twelve year olds, and the Pony league thirteen and fourteen year olds.

Last year about one hundred boys participated in the league.

Tomorrow Is First Day Of Spring 1968

by United Press International
Winter, due to exit officially Wednesday, kept a tenacious hold on the northern Great Plains today. Snow fell from Utah to the Dakotas.

In a six-hour period ending today, Douglas, Wyo., got three inches of snow and two inches fell at Salt Lake City, Utah, and Bismarck, N.D. Heavy accumulations of ice disrupted power in areas of eastern North Dakota.

Heavy snow warnings, calling for four inches or more new accumulations, were posted today for eastern North Dakota, extreme northwest Minnesota and parts of northeast and north-central South Dakota.

Stockmen's and travelers' warnings were in effect for South Dakota, western North Dakota, central and northeast Nebraska, northwest Kansas and the mountains of northern New Mexico.

Two days of heavy rain, aggravated by melting snow, caused flash floods in New England Monday. At least one death was connected with the high water that closed highways and knocked out 33,000 telephones in Massachusetts, New Hampshire and Rhode Island.

The flooding continued today in areas of Rhode Island and eastern Massachusetts. Three to six inches of rain fell in eastern Massachusetts and Rhode Island during the storm. A dam broke at a pond in North Easton, Mass., causing some evacuation of families.

The western storm collided with balmy breezes that warmed the nation's midsection to set off thunderstorms, foggy conditions and at least one tornado. A twister was reported four miles north of Truman, Minn., Monday night. No one was injured as the big wind destroyed a barn and several farm outbuildings.

NOT DEAD TWICE—Twice erroneously listed as dead in Vietnam, Marine Pfc. Michael Johnson (left) is reunited with his mother and father at the Grand Island, Neb. airport.

The elder man was trapped in

the flames and was burned to death. Prescott managed to escape but died early Sunday morning at the Murray-Calloway County Hospital.

Marshall County Coroner Jess Collier said he had not scheduled an inquest.

IN MEMORY

In loving memory of our darling mother, Grace Walker, who passed away three years ago today, March 19, 1965.

We love her, yes, we loved her, but the angels loved her more. And they sweetly called her to yonder shining shore.

The golden gates were open, the gentle voice said, "Come", and she entered home.

Sadly missed,

Then Baskos was packin' wasn't they? the other snapped.

The Shannons don't want another supply wagon stamped over a canteen into a counter, a new voice said. "I'd pack iron, too, if I was workin' for Livvy Shannon."

"You thinkin' of hikin' out down in that direction, Chuck?" a man jeered.

Chuck grinned. "I'm in no hurry to be laid out on a slab, with a candle burnin' over my head. I'm happy right here in Flag."

Gawd help the man what killed Abel Shannon! If Livvy ever finds out fer sure who done it, she'd cut him down with her own gun, like you'd knock over a rabid coyote."

Dan Briscoe watched Alex Emmmons carrying his luggage. A memory came that he wanted to forget. He was seeing Frank Buckman again, young, fair-haired, handsome, the same jaunty stride, the same chip on his shoulder.

"I say again," a man was declaring. "Katey Royal won't never marry nobody, least of all Alex Emmmons."

Katey Royal! Dan suddenly became keenly alert to the conversation. However, the poolroom owner changed the subject, and the others seemed glad to drop the matter of the Shannons and Alex Emmmons.

Dan finally returned to Heather House. The sitting room was emptier than the street, and he resumed the sleepy task of poring over the reading material.

However, his mind was elsewhere. John Cass had said that the daughter of the owner of Spanish Bell was a widow. From his discussions with Cass, Dan had the impression that Kate Royal was a matronly, middle-aged person, kindly enough, but befuddled by the responsibility of managing a cattle ranch.

Perhaps this Kate Royal the poolroom patrons had been talking about was a daughter of the widow. Certainly Alex Emmmons was palpably not the type to pursue in a romantic way the sort of person Dan had pictured from John Cass's words.

And the Mayor of Yellow Lance had led Dan astray on another matter. There was evidently trouble in Paradise — Springwater Basin in this case. Real trouble, evidently which divided the opinion of citizens in this town, ninety miles away. Perhaps John Cass had not known of the situation. Dan gave him the benefit of that doubt, at least.

In any event Dan was forewarned. His interest in the matter was not keen.
